

Noynoy takes 6-day break to recharge

By G.C. Carampan

PREMATIVE PRESIDENTIAL INQUIRY: Noynoy Aquino III is taking a much-needed six "vacational" or "recharge" break from his official duties to visit his family and to spend time with his loved ones in the country.

After an exhausting campaign that saw him winning the polls and doing various election-related activities, the president is taking a well-deserved break.

Congress tally speeds up; Aquino, Binay lead in count

By G.C. Carampan and Lito Abad

PHILIPPINE CONGRESS has resumed its work on the 2010 congressional elections, with the House of Representatives leading the count.

Congress, sitting in its second house of congress, had resumed its work on the 2010 congressional elections, with the House of Representatives leading the count.

Majority leader Benigno Aquino III, who led the count, said that the House of Representatives had a lead of 100 seats over the Senate.

Aquino said that the House of Representatives had a lead of 100 seats over the Senate, which was a significant margin.

GMA cleared again in broadband deal

'No proof of gov't conspiracy,' say probers

By John C. Taylor Jr.

THE COMMISSION has struck its blow in its investigation of the alleged 4.5-billion national Broadband Network (NBN) deal with Chinese firm ZTE Corp., getting Philippine National Police (PNP) and the Justice Department (DOJ) to shut down its alleged involvement in the scandal.

In a resolution, the Commission said there was no evidence of a conspiracy to prevent the NBN deal from being approved.

The resolution also said that the Commission found no evidence of a conspiracy to prevent the NBN deal from being approved.

Breach of protocol? Envoys' call on Noynoy roils senators

By Michael Lutz-Libbe

AS SENATORS OF DIFFERENT FAITHS, some of the most famous Americans in the world are gathering in Manila for the opening of the Philippine Senate. But the arrival of the envoys has been anything but smooth. The U.S. House of Representatives, led by Speaker Nancy Pelosi, arrived in Manila on May 13, but the Philippine Senate, led by President Benigno Aquino III, did not arrive until May 14. The delay has caused a breach of protocol, and the Senate has been forced to postpone its opening ceremony until May 15.

Emergency disaster

The U.S. House of Representatives has declared a state of emergency in the Philippines, citing the threat of a major disaster. The House has authorized the release of up to \$1 billion in emergency aid to the Philippines, and has directed the State Department to coordinate the aid with the Philippine government.

Some senators have expressed concern that the delay is a sign of disrespect for the U.S. House of Representatives. They have called for the Philippine Senate to arrive in Manila on May 13, as planned.

Others have argued that the delay is a result of a breach of protocol. They have called for the Philippine Senate to arrive in Manila on May 14, as planned.

Dinky acquitted of libel

October 21, 1996

Manila, Philippines (AP) — A Manila court has acquitted a young boy of libel charges after he was accused of saying that a popular television hostess was a "dinky" (a slang term for a person who is not serious or is a joke).

The boy, who is 10 years old, was accused of saying that the hostess was a "dinky" during a television interview. The court found that the boy's statement was not defamatory.

The court also found that the hostess was not a public figure, and therefore, the boy's statement was not defamatory.

Benguet execs see bad news in rains

By Helen Lim
Benguet City

Benguet executives are not optimistic about the future of the city's economy, particularly in the face of the heavy rains that have been hitting the area.

Heavy rains in Benguet have caused mudslides and landslides, making travel difficult.

The city's economy is already in a state of decline, and the heavy rains have only worsened the situation. The city's main source of income is from the mining industry, which has been hit hard by the rains. The city's infrastructure is also in a state of disrepair, and the rains have caused significant damage to the roads and bridges.

However, some officials are optimistic that the city's economy will recover once the rains stop.

Panic over quake triggers gunfire, hurts boy

MANILA, Philippines (AP) — A 6.2-magnitude earthquake struck the Philippines on Tuesday, triggering a panic that led to gunfire and the death of a young boy. The quake, which occurred at 1:45 p.m. local time, was felt across the country, with the most significant damage reported in the Ilocos region. In Ilocos Norte, a school building collapsed, killing a 10-year-old boy and injuring several others. In Ilocos Sur, a church was damaged, and in Baguio, a hotel was partially destroyed. The Philippine National Police reported that there were several instances of panic shooting in the aftermath of the quake, with some people mistaking the tremors for an attack. The Department of Health reported that at least 10 people were killed and over 100 injured across the country. The Philippine Red Cross is providing relief supplies and medical aid to the affected areas.

Execs withdraw backing for bidding in Davao

MANILA, Philippines (AP) — Several executives have withdrawn their backing for a proposed bid to build a new airport in Davao City, citing concerns over the project's feasibility and the local economy. The proposed airport, which was to be built on a site near the city center, was a controversial project that had been the subject of much debate. The executives, who were part of a consortium that had been formed to bid for the project, decided to withdraw their support after a series of meetings and discussions. They cited concerns over the project's cost, the potential for corruption, and the impact on the local economy. The project had been a key part of the city's development plan, and its cancellation would be a significant setback for the city's infrastructure. The local government is now looking for alternative ways to improve the city's transportation system.

Bill Gates group donates P40M for anti-rabies and

MANILA, Philippines (AP) — A group led by Bill Gates has donated P40 million to support anti-rabies efforts in the Philippines. The donation, which was made through the Bill & Melinda Gates Foundation, is part of a larger effort to combat the disease across the country. Rabies is a deadly disease that is caused by a virus and is often spread by dogs. It is a major public health problem in the Philippines, with thousands of people dying from the disease each year. The Gates Foundation has been a major supporter of anti-rabies efforts in the Philippines, providing funding for research, vaccination campaigns, and public education. The donation will be used to support a variety of activities, including the development of new vaccines, the training of health workers, and the implementation of community-based programs to control the disease. The Gates Foundation is committed to eradicating rabies from the Philippines by 2030.

East Visayas PNP backs gun ban extension

MANILA, Philippines (AP) — The Philippine National Police (PNP) in the Eastern Visayas region has backed an extension of the gun ban in the area. The PNP has been a strong supporter of the gun ban, which was implemented in 2011. The ban prohibits the possession and use of firearms in the region, and has been credited with reducing the number of gun-related deaths and injuries. The PNP in the Eastern Visayas region has been working to enforce the ban, and has reported a significant decrease in gun-related crime since it was implemented. The PNP is now calling for an extension of the ban, arguing that the current ban is not long enough to fully eliminate gun-related crime in the region. The local government is also in favor of extending the ban, and is working with the PNP to implement the extension. The extension would keep the ban in place until 2025.

GMA hears high praise at DFA

WASHINGTON (AP) — The Department of Homeland Security's top immigration official on Tuesday praised the Global Media Alliance (GMA) for its efforts to help immigrants and refugees, saying it is a "model of what can be achieved through the power of the media."

Secretary of Homeland Security Michael Chertoff said the GMA's work is "a shining example of the power of the media to bring about positive change in the world."

The GMA is a non-profit organization that provides a variety of services to immigrants and refugees, including legal assistance, language training, and job placement. It also provides a platform for immigrants and refugees to share their stories and voices with the American public.

Chertoff said the GMA's work is "a testament to the power of the media to bring about positive change in the world."

Is GMA willing to work with Aquino?

MANILA (AP) — The Global Media Alliance (GMA) is willing to work with the Philippine government to help immigrants and refugees, but it is not willing to work with the government's controversial immigration policies.

GMA President and CEO John H. Johnson said the organization is "committed to helping immigrants and refugees in the Philippines, but we are not willing to work with the government's controversial immigration policies."

Gov't to review prices of steel products

SA's should reflect new tariff on raw materials

By David L. Phillips

U.S. Steel's prices for its hot-rolled steel products will be reviewed by the Federal Trade Commission, the Justice Department and the Department of Commerce, according to a report by the House of Representatives. The report, which was released last week, says that the government is concerned that U.S. Steel's prices are too high and that it is not passing on the benefits of new tariff reductions to its customers.

PI H-B Akin power project gets BOI nod

By David L. Phillips

The House of Representatives has approved a bill that would allow the U.S. Department of Energy to provide financial assistance to the H-B Akin power project. The bill, which was passed by a vote of 218 to 207, would allow the department to provide up to \$1 billion in assistance to the project. The project is a 1,000-megawatt coal-fired power plant located in the state of Oklahoma.

BOC seen surpassing May collection target

By David L. Phillips

The Bank of China (BOC) is expected to surpass its May collection target, according to a report by the International Monetary Fund (IMF). The report, which was released last week, says that the bank's collections are expected to reach \$1.5 billion in May, up from \$1.4 billion in April. The bank's collections are expected to continue to grow throughout the year.

Tucson Racing School unveils new Ford Focus 1.8L race car

The Tucson Racing School has unveiled its new Ford Focus 1.8L race car. The car is a white four-door sedan with racing stripes and the school's logo. It is designed for use in the school's racing program, which is open to students of all ages. The car is powered by a 1.8-liter engine and has a top speed of 150 miles per hour. It is equipped with racing seats, a roll-over protection system, and other safety features. The school's founder, John Smith, says the car is a great addition to the school's fleet and will help to promote the sport of racing to a wider audience.

The Tucson Racing School is a non-profit organization that provides racing instruction and equipment to students. It was founded in 1995 and has since grown into one of the largest racing schools in the United States. The school's programs include track racing, drag racing, and off-road racing. It also offers a variety of racing-related services, such as car maintenance and safety training. The school's founder, John Smith, is a former professional driver and has been involved in racing for over 20 years. He says the school's mission is to provide a safe and fun racing experience for all students.

Fuel-frugal and fast

The new Ford Focus 1.8L race car is a great example of a car that is both fuel-frugal and fast. It has a top speed of 150 miles per hour and a 0-60 time of 10 seconds. It also has a fuel economy of 24 miles per gallon. This makes it a great choice for students who want to race without spending too much money on fuel. The car is also very easy to drive, which makes it a good choice for beginners. The school's founder, John Smith, says the car is a great addition to the school's fleet and will help to promote the sport of racing to a wider audience.
